Products Features:

- At the beginning of the development of pickman, we returned to the fundamental demand of people for transportation tools
- to load more things and go farther. To achieve this goal, we redefined pickman's product design ideas.
- Revolutionary materials, from "zero" to "whole".
- Gold ratio, love at first sight
- Under the fine and reasonable structure, the body shape of pickman has reached the golden ratio, and the overall posture is stable and dynamic.
